IS It "Just a Cold"?

Norway People Should Ask Themselves This Question

Don't say: "It's just a cold." It may turn into backache, rheumatic aches, aching joints.

Or other serious sickness that comes from weak kidneys.

Colds are due to congestion. Congestion makes the kidneys over-work to filter the blood.

Colds often leave the kidneys weak. First always get my supply at F. P. Stone's Drug Store.

Then use Doan's Kidney Pills to avert the kidney dangers.

Let this Norway resident tell you about them.

W. O. Needham, ret. farmer, 230 Main St., says: "At different times when I have taken a cold my kidneys were affected. I began using Doan's Kidney Pills when I felt that my kidneys needed a tonic. Doan's always strengthened my kidneys and cleared my system of the excessive uric acid. I always feel better in a short time after using this remedy. I always get my supply at F. P. Stone's Drug Store." (Statement given July 24, 1908.)

On September 3, 1920 Mr. Needham said, "I haven't changed my good opinion of Doan's Kidney Pills since recommending them many years ago. Doan's benefited me greatly."

A Mother's Terrible Experience

West Buxton, (Me.)—To read of Mrs. Arthur Campbell's experience is harrowing. Imagine her feeling—she writes: "I am a mother of five children. My little girl two years old was so sick with fever she lay just as if she were dead for two weeks. I started giving her Dr. True's Elixir and she began to gain at once. Now I would not be without it. I feel very grateful to you."

No doubt this child had some stomach trouble due to worms. Scores of children have worms and their mothers don't know the trouble.

Symptoms of worms: Damaged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly, with pain about the navel, pale eyes heavy and dull, twitching eyelids, itching of the nose and rectum, dry cough, grinding of the teeth, little red points on the tongue, starting during sleep, slow fever.

Dr. True's Elixir has been faithful in its duties as a family Laxative and Worm Expeller since 1851.

Warming relief for rheumatic aches.

HE'S just used Sloan's Liniment and the quick comfort had brought a smile of pleasure to his face. Good for aches resulting from weather exposure, sprains, strains, lame back, overworked muscles. Penetrates without rubbing. All druggists have it.

WASHINGTON'S DAY LYRIC

Awake, gentle Mass! Lend an air to my lay,
The want to be silent, I'd fain sing to-day
A song of festivity, gladness and mirth
On this, the great day, that gave Washington birth.
Right fondly we hail him, the sire of our race,
The chiefest who holds, in our hearts, the first place.
We proclaim him today, as we ever will do,
First in war, first in peace, first in Nation's love too.
Of good men the greatest, of great men the best,
George Washington was, it must ever be confessed;
His name stands for liberty, honor and right,
And democracy's cause, which he served all his night.
Ah, that glorious name, fair Columbia's boast!
How it thrills with emotion our souls innermost!
Bringing back tender memories of childhood and youth,
When we hoped it with awe, as the watchword of truth.
Unfurl then, our Standard, today of all days,
And sing, one and all, with our Nation the praise.
Of Washington, ever most loyal and true,
To the Stars and the Stripes, and the Red, White and Blue.
—FATHER CASSIDY.

A TRUE STORY

One of our good customers wanted a good, big storm blanket.

Sombody told him he couldn't get such a one in this town, so he sent to the city and got what he wanted and the price was ten dollars.

Next day he was in our place and saw the same thing and the price tag on it was marked \$5.00.

We have a good many nice blankets of all kinds, Street Blankets,

Storm Blankets

Stable Blankets

For some reason or other, they are marked way below present costs.

The moral of this story is so plain that we need not buy space to print it.

THE PUBLISHER'S RESPONSIBILITY.

Much demoralizing reading is printed on the plea that "the public wants it." A mother might as well give her child the glowing arsenic for which it cries. The publisher bears a responsibility to society like that of the preacher or the teacher. This at any rate, is the view of the Publishers of The Youth's Companion. From its first issue to the present it has been a constant force for character building. And with all that it has been so wisely edited that no publication exists of more varied charm, more inexhaustible and refreshing sources of interest.

The 52 issues of the coming year will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Only \$2.50 for an amount of reading equal to three other volumes of fiction, humor, etc.

Known to Possess Unequaled Value
In Spring Ailments

Are prominent ingredients of Hood's Sarsaparilla, in which they are so combined as to be most effective.

This great blood-purifying and strength-giving medicine is easily the leading proprietary medicine for the blood, stomach, liver and kidneys, which almost universally need attention in the spring. Thousands take it year after year with entire satisfaction for that tired feeling, that loss of appetite, that eruption on the face or body, and that low or run-down condition of the system so common now. And they enthusiastically recommend it to others.

Begin taking it at once, three times a day after meals. It is pleasant to take and "makes food taste good."

If you need a laxative or cathartic, take Hood's Pills. You will find them gentle and thorough.

DEVELOPED

If you are going to live in the South or West, it is all well enough to send your investment money there, to lower their taxes and to increase their prosperity.

But if you and your children are going to live in Maine, then will it not be wiser to keep your investment money at home to build Maine?

What Maine needs most is the development of its great natural resource—water power.

It must depend on its own people to finance this development.

Admittedly you may get a trifle larger yield from your money by investing away from home. But, through the long haul, will your money bring you most if invested in the West—or in Maine water powers?

Of the Maine water power investments none equals in popularity the 7 per cent. Preferred Stock of Central Maine Power Company.

It has the advantage over out-of-state securities because it is tax-exempt in Maine.

The price is \$107.50 a share, the yield 6 1/2% net. Why not send the coupon and find out more about it?
